

CASE 3：春⁷⁶

to make a
cozy family.

It was
always my
dream

Amakusa
Accounting,
how may
I help you?

I saw Haru and Buchan together

I knew P-chan had changed

are in love

Oh, those two

But why

was changing too

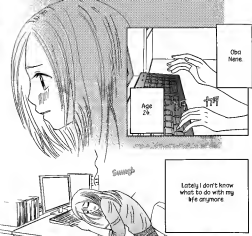

after being reunited with Haru

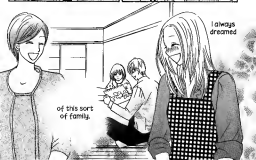

I was horrified by how easily I could accept it

Suddenly

And when I was 10

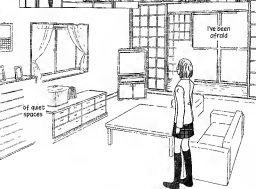

Obel

My mom left us when I was 15

Ever since my dad died...

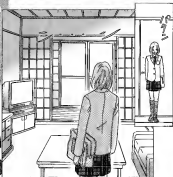

I've seen of old

of quiet spaces

Every day

I was afraid
of the
silence.

I wanted a
connection
with
someone.

I kept the
TV on all
the time.

Even when
I slept

I was so lonely.

I hate this!

My phone's not here.

not here.

It's not here.

I couldn't bear to be away from my telephone.

!?

I hate being alone!

I figured you
wouldn't
want to be
without it.

You
forgot
this.

He and I
were both
alone.

He understood
me better than
anyone.

When we came
together,

the loneliness
disappeared.

But...

Shall
we?

Kenta.

Why don't
you take
Nene-chan
home.

Studying...

"Good luck."

led to good things.

None-chan,
the numbers
are perfect.

to input those numbers...

I just wanted to be with F-chan.

But as my hands moved

they created ripples

through people I didn't even know

And I began to feel like I was connected

to the lives of the employees involved with this company.

Realizing I could
do something
for others

This
space...

This
silence.

made me stop
feeling so alone

"A friend
of mine

has a
company
in Osaka."

WORK

becomes
more
interesting
when
you've done
enough so
you can see

what
you're
lacking.

These guys
are really
dedicated

to on-the-job
training.

...Huh?

and I'll just
end up
in tears.

I can't
just rely
on him

forever.

But
even
so...

I have to make
my own way

Nene-
chan?

You...

Don't work too hard,
Nene..

Can I come
see you
when I have
problems?

You're
like a
lighthouse.

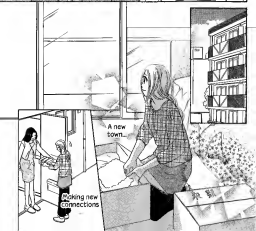

who
I want
to be.

You'll
always
be
